

JELLYWOOD

Interactive Aviation Movies

a JELAIR conglomerate

How to install this FSX mission:

In the same folder where you found this manual you will find a folder named "FSX". Open it and copy all it's sub-folders into your main FSX root-folder (where your 'fsx.exe' is located (click 'yes to all' on overwrite-prompt))

This will automatically place all files in their correct locations within the FSX dir-structure.

No files should be over-written or replaced, but copy files manually if you want to be absolutely certain of this (and then backup such files before installing over them. Fonts (FSX/fonts) are probably the only thing where this might potentially be an issue)

Then start FSX and select 'missions' in the left menu.

Select 'JELLYWOOD' in the category-tab.

Select your 'interactive movie' from the title-list (all your installed JELLYWOOD movies will appear in this list)

And then have fun :)

The screenshot shows the Microsoft Flight Simulator X interface. On the left is a navigation pane with options: HOME, FREE FLIGHT, MISSIONS (selected), MULTIPLAYER, PILOT RECORDS, LEARNING CENTER, and SETTINGS. The main window is titled 'MISSIONS' and contains a 'Category' dropdown set to 'JELLYWOOD', a 'Skill level' dropdown set to '(All Skill Levels)', and a checkbox for 'Show saved Missions'. Below these is a table with two columns: 'Title' and 'Level'.

Title	Level
JELLYWOOD-mission01	INTERMEDIATE

To the right of the table is a JELLYWOOD logo and the text 'JELLYWOOD Interactive Aviation Movies'. Below this is a section for 'JELLYWOOD-mission01' featuring a movie poster for 'The Heroic Cannabis-run' and a description box.

Short drug-run
with delicious marijuana :)

Description
JELLYWOOD fantasy-adventure-flight (R-rated). Drug-run from swedish lake to small airport on danish island (EKRN at Bornholm, about 50 nm's east-south/east), with freshly harvested marijuana of excellent quality. You get 10,000 dollars if you make it safely. Good luck, friend (and remember; the happy hippies depend on you!) :D Estimated time to complete: 30-60 minutes.
